I am a motivated and curious Computer Science student with a strong foundation in programming, web development, and database operations. Currently sharpening my skills through the Power Learn Project scholarship and I'm eager to grow in a collaborative tech environment. Always open to learning and taking on new challenges.

## Technical Skills

- **ProgrammingLanguages :** C, Python, HTML, CSS, SQL
- **Database:** MySQL (basic CRUD operations and queries)
- **Web Development:** Frontend fundamentals using HTML/CSS

## Education

**Power Learn Project (PLP) – Software Development Scholarship**
*Ongoing – 2025*

- Currently expanding skills in full-stack development.

**Chuka University, BSc. Computer Science**
*2024 – 2028*

- Focus on programming, databases, and software development.

**Lenana School**
*2020 – 2023*

- Completed my high school studies

**St. John The Baptist**
*2017–2019*
- Completed my primary school studies

## Projects

### 1. HTML Portfolio Website

- Built a personal website using HTML and CSS to showcase projects.

### 2. Python Calculator

- Created a basic calculator with functions for arithmetic operations.

## 3. SQL Practice

- Worked with a MySQL database to perform CRUD operations and execute beginner-level queries.
